

DISTINCTIVE CABINETS & COUNTERTOPS

VIEW: _____

12 LAYOUT VIEW

1. Measure all walls. Start in the corner, measure in inches, the length of the wall.
2. Do the same for all walls.
3. Note the window and door openings.
4. Note the center of the plumbing under the sink,
5. If you wish to add cabinets, you can. Or note the electrical outlets or where the appliances will be located.
